This program was designed to:

- ◆ Provide collaboration between Owners, contractors and labor on Basic Safety Program Guidelines for Owners & Contractors.
- ◆ Learn how a proposed Contractor Safety Training & Pre-Qualification Program will improve the accountability for safety training
- ◆ Assess how the Opioid overdose issue impacts construction
- ◆ Explore current OSHA initiatives designed to enhance safety

Presenters:

Michael Hargrave, *BJC HealthCare*

Chad Sebor, *Missouri Network for Opioid Reform & Recovery*

Bill McDonald, *Occupational Safety & Health Administration*

The program's training was designed to qualify for 0.3 CEU's for re-certification through the Board of Certified Safety Professionals (BCSP), 3 Professional Development Hours (PDH) for Professional Engineers under Missouri statutes and 3 Learning Units (LU) hours through the American Institute of Architects. Please retain this as a record of your participation.
