This serves as a record that

attended the following program:

Exploring Materials to Improve Productivity

Thursday, June 23, 2016
Engineers Club, 4359 Lindell
St. Louis, MO 63108

Hosted by:

ST. LOUIS COUNCIL OF CONSTRUCTION CONSUMERS

This program was designed to:

- ◆ Explore how updated product technologies improve quality and productivity;
- ◆ Assess parameters to consider products, such as insulating concrete forms, flexible piping, and tilt-up concrete;
- ◆ Examine how products can facilitate pre-fabrication & modularization;
- ◆ Probe how updated technologies can impact scope, schedule and budget.

Presenters:

Scott Peterson, *Structural Engineer*, **Drury Southwest**

Barclay Gebel, *Vice President of Operations*, **Concrete Strategies**

Wayne Williams, *Construction Manager*, **Mercy Planning Design & Construction**

Moderator:

Kevin Studer, **Northstar Management**

The program's training was designed to qualify for 1 Professional Development Hour (PDH) for Professional Engineers under Missouri statutes and 1 Learning Unit (LU) hour through the American Institute of Architects. Please retain this as a record of your participation.

Certifying organizations who wish to audit attendance records can contact the St. Louis Council of Construction Consumers.
