

Leveraging

Collaboration Technology *to Improve Project Performance*

- ◆ Explore the integration of mobile technologies with cloud based sharing
- ◆ Examine how virtual reality supports design & construction
- ◆ Discover how collaborative technologies can leverage work flow
- ◆ Assess security strategies to protect access from outside access
- ◆ Explore applications that virtual care could have for construction

Are there technologies that you should explore?

Presenters:

Andy Leek, Virtual Design & Construction Director, **Paric**
Bill Carney, BIM Director, **BSA LifeStructures**
Damon Taylor, Infrastructure Specialist, **Ameren**
Dr. Randall Moore, President, **Mercy Virtual**
