OWNER EXPECTATIONS 2.0 AUDITING/SITE EVALUATIONS

Join us as we continue our focus on our Safety Guidelines Owner Expectation Series. Auditing is an area we can all agree requires improvement. This workshop will provide insight from the owner and contractor perspectives as well as legal considerations for managing safety. Invite your field managers and supervisors as we get to the "field" level with this Safety Forum!

This serves as record that

attended this SAFETY FORUM ON AUDITING.

This program was designed to:

- Help improve auditing within the AEC industry.
- Learn strategies for improvement and legal considerations.
- Learn success stories or results from a Best Practice Zero Accident Winner. The program's training was designed to qualify for 2 Professional Development Hours (PDH) for Professional Engineers under Missouri statutes and 2 Learning Units (LU) hours through the American Institute of Architects.

Please retain this as a record of your participation. Certifying organizations who wish to audit attendance records can contact the St. Louis Council of Construction. Consumers.
