PDH/LU FORM

SAFETY FORUM:
ROUNDTABLE DISCUSSION ON
WORKFORCE DEVELOPMENT AND SAFETY

PROGRAM SUMMARY

After extensive conversation about improving safety on project sites, we decided to bring together all the voices of construction in a roundtable discussion regarding workforce development and safety. We will explore shadowing, cultural challenges, quality, on-going safety training, monitoring, assessments and more.

This roundtable is perfect for superintendents, apprentices, pre-apprentices, laborers, trades, owners and emerging leaders. Anyone interesting in approving jobsite safety should be present!
