## What Has SLCCC Done For You Lately? . . .

### SLCCC 2015 Accomplishments

	Pursued implementation of Strategic Plan for achievement of best value in project delivery with goals to leverage technology, amplify member engagement, increase membership and promote diversity inclusion.
	Conducted 13 programs attended by over 1,000 participants. Along with golf outing and sporting clays event, promoted networking for over 1,300 in the industry.
	Encouraged expanded use of construction industry Best Practices via 2 seminars and recognition of successful applications.
	Co-hosted forum of Owners, contractors, and design professionals to identify strategies to expand the use of women and minority owned firms in construction.
	Energized Technology Committee to address improving use of technology.
	Activated new web site to provide access to resources and facilitate on line program registration.
	Participated with Permitting Collaborative that supports a joint electronic portal for permit application and tracking with St. Louis County and the Metropolitan Sewer District.
	Represented on the Metropolitan Sewer District Rate Commission during consideration of new MSD rate proposals.
	Shared anticipated work force needs with management and labor.
	Joined in support of Engineers' Club initiatives to promote Science, Technology, Engineering and Math (STEM) careers.
	Recognized as a finalist by the St. Louis Regional Chamber for an Arcus Award for diversity and inclusion initiatives.
	Identified base line levels for Owner participation in diversity and inclusion to use as spring board for expansion.
	Initiated efforts for training and greater use of cultural competency in design and construction.
	Grew Membership with 13 organizations joining.
	Supported efforts for creation and funding of a Contractor Loan Fund to assist development of women and minority owned firms.
	Pressed the Bricklayers union and Mason Contractors Association for successful resolution of a new labor contract without disruption of projects underway.
	Provided support for renewal of AGC's 5 year OSHA Partnership.
	Initiated a program to provide complimentary Owner registration at SLCCC education programs to promote participation and enhance member value.
	Launched sponsorship program to provide Associate Members with enhanced opportunity to connect with Owners and support education and training

## Looking Forward to 2016 . . .

***Education & Networking*** - Continuing a robust schedule of more than a dozen training and networking events, such as Construction Industry Best Practices, project delivery methods, promoting work force and STEM careers, safety and inclusion.

***Inclusion*** - Collaborating with contractors and labor to promote growth of women and minority owned firms as well and increased inclusion in the trades.

***Growing the Region*** - Collaborating with government and industry organizations for implementation of unified permitting via an electronic portal for expedited review by county, municipalities and other jurisdictions.

***Safety*** - Providing biannual forums for safety professionals to exchange lessons learned.

***Labor contracts*** - Meeting with the contractors management groups to support labor negotiating and other initiatives that lowers the Owner's overall cost.

***Technology*** - Share technology resources that provide expanded access to industry resources.

***Celebration*** - Celebrating 45 Years of Improving Project Excellence
