

# OWNER MEMBERS

## SLCCC MEMBERSHIPS

Since forming in 1970, we have continued to have amazing members contributing to our mission and vision of being the premiere voice of construction in the St. Louis Region with the unique advantage of the consumers of construction leading the organization. Being owner led means the owners in the region lead our various committees, our board and operations of the Council. But we can't do it without our associate members support and volunteers.

### SUSTAINING MEMBERS (S)

Owners with a major presence and who historically perform significant amounts of construction work or who voluntarily agree to support the organization at a higher level.

### CORPORATE MEMBERS (C)

Private, nonprofit, institutional and other Owners whose revenues are not publicly funded.

### PUBLIC SECTOR MEMBERS (P)

Owners who have a majority of their revenue publicly funded.

### ASSOCIATE MEMBERS

Organization or individual not qualifying as an Owner member, but having an interest in construction matters who desire to participate in the council's mission to improve the design and construction industry (e.g., design consultants, contractors, vendors, etc.).
