This program has been designed to permit you to qualify for:

- > 1.5 Professional Development Hours (PDH) for Professional Engineers under Missouri statutes
- > 1.5 Learning Units (LU) through the American Institute of Architects.

PROGRAM SUMMARY

Speakers from law firm Armstrong Teasdale and accounting firm Brown Smith Wallace will discuss strategies for risk mitigation before a construction project, potentially unfavorable terms and conditions in a construction contract, and examples of best practices organizations have applied throughout the life-cycle of a construction project to avoid risks before, during and after construction.

KEY TAKE AWAYS

- Strategies for risk mitigation before the construction project
- Potentially favorable terms and conditions in a construction contract
- Examples of best practices to bridge the gap between owner and contractor
- Avoiding risks that confront project owners before, during and after construction

8-9:30
