**SAFETY FORUM:**  
**ROUNDTABLE DISCUSSION ON**  
**WORKFORCE DEVELOPMENT AND SAFETY**

**PROGRAM SUMMARY**

After extensive conversation about improving safety on project sites, we decided to bring together all the voices of construction in a roundtable discussion regarding workforce development and safety. We will explore shadowing, cultural challenges, quality, on-going safety training, monitoring, assessments and more.

This roundtable is perfect for superintendents, apprentices, pre-apprentices, laborers, trades, owners and emerging leaders. Anyone interesting in approving jobsite safety should be present!

Sign up for a host table via our website at [slccc.net](http://slccc.net).

This program has been designed to permit you to qualify for:

- >1.5 Professional Development Hour (PDH) for Professional Engineers under Missouri statutes
- > 1.5 Learning Unit (LU) through the American Institute of Architects.

Forms available after meeting under Resources at [slccc.net](http://slccc.net)
