# HEALTH & SAFETY FORUM

**PART I SERIES- VIRTUAL**  
BREAKING THE STIGMA OF  
SUBSTANCE MISUSE & ADDICTION FOR  
CONSTRUCTION WORKERS

The construction industry has taken step sto reduce the risks and liabilities of substance misuse among the workforce. However, the stress, uncertainties and anxieties of the pandemic have magnified the risk of substance misuse or addiction relapse among workers and their families. Traditional approaches are often not affective.

Learn how breakthrough behavioral health solutions can help employers reduce risks and improve the wellbeing of workers.

This program has been designed to permit you to qualify for:

>1.5 Professional Development Hour (PDH) for Professional Engineers under Missouri statutes

> 1.5 Learning Unit (LU) through the American Institute of Architects.

Forms available after meeting under Resources at slccc.net

**PART II SERIES - VIRTUAL**  
WAGING A COUNTERATTACK ON  
OPIOIDS IN THE WORKPLACE AND AT  
HOME

The opioid crisis is waging a war across the U.S. - more than 93,000 Americans died of overdoses in 2020. According to the National Safety Council, approximately 75% of workplaces are affected by this crisis.

Construction workers and extended families are disproportionately at risk. Learn how to protect your workforce and your family from opioids through practical and proven first-exposure (dose) prevention strategies.

**HOSTED IN PARTNERSHIP:**  
AGC of Missouri and the  
SLC3

**VIRTUAL DETAILS:**  
Register at slccc.net. An email will follow your payment with a link to the event. Please check junk mail. We will also invite all registrants via a calendar invite!

**PART I SERIES:**  
This program will be virtual only. Cal Beyer is joining us again to cover this important topic. Traditional approaches like drug testing and waiting for employees to either seek help through EAPs or hit rock bottom are not effective. Learn how breakthrough behavioral health solutions can help employers reduce risks and improve the wellbeing of workers.

**PART II SERIES:**  
This program will be virtual only. Multiple speakers will present prevention strategies and the impact on workforce.
