ST. LOUIS CITY SC CITYPARK
TOUR/PROGRAM/HAPPY HOUR

PROGRAM SUMMARY

The intent of this new mixed-use district was to keep downtown a buzz 365 days a year. Of course the anchor is the stadium for more than just soccer, but to host events, concerts, celebrations and other outdoor activities. The 22,500-seat CITYPARK is open and transparent with views from its surroundings directly to the field. We are all excited to experience this exciting project first-hand with private tours and project highlights from the program manager, designers and general contractor.

Key project team members included: Kwame Building Group, Mortenson Construction, Alberici Constructors, Inc., Keeley, HOK (collaboration with Snow Kreilich Architects), Murphy Company, ArchKey Solutions, and Ruby + Associates.

This program has been designed to permit you to qualify for:

- > 2 Professional Development Hour (PDH) for Professional Engineers under Missouri statutes
- > 2 Learning Unit (LU) through the American Institute of Architects
