

AEC SHOW ME AWARDS

This award recognizes a company or individual who excels in promoting health, safety, and well-being, demonstrating leadership, innovation, and a commitment to improving practices in the construction industry. The SLC3 provides ongoing training and education to keep the conversation going, inform, and improve the areas we can. Please demonstrate how you bring “Excellence” to your goals for Health, Safety and Wellbeing.

“Health, Safety & Wellbeing Excellence”

Please complete the nomination form for this award below. This Form **MUST** accompany your submission.

CRITERIA DEADLINE FOR ENTRY: MONDAY, JANUARY 13, 2025 @ NOON

Please provide the Awards Selection Committee with a response to the following criteria to be considered. Note, that we will determine finalists, which will be announced before the event. The winner is to be announced at the Awards Gala. Responses need to match the criteria. Provide examples and supporting information to criteria requests. All criteria are weighted, and the highest-scoring submission will be the winner. Finalists will be announced and honored.

Criteria:

1. Leadership in Health, Safety, and Wellbeing (Choose 1)

- **Advocacy:** Actively promotes a culture of safety and wellbeing within the organization and the broader industry.
- **Policy Implementation:** Develops and enforces comprehensive health and safety policies that align with or exceed industry standards.
- **Leadership Example:** Serves as a role model, inspiring others to prioritize safety and well-being on and off the job site.

2. Innovation in Safety Practices (Choose 1)

- **Process Improvements:** Introduces new or improved safety procedures based on lessons learned from past incidents.
- **Technology Integration:** Utilizes cutting-edge technology (e.g., wearables, drones, AI) to enhance worker safety and wellbeing.
- **Creative Solutions:** Develops innovative programs or tools to address specific challenges, such as fall prevention or equipment safety.

AEC SHOW ME AWARDS

3. Mental Health and Addiction Awareness (Choose 1)

- Education and Training: Conducts in-house training sessions or workshops to combat the stigma surrounding mental health and addiction.
- Support Programs: Offers resources such as Employee Assistance Programs (EAPs), peer support groups, or counseling services.
- Awareness Campaigns: Actively raises awareness about mental health and addiction through campaigns, events, or partnerships.

4. Training and Workforce Development (Choose 1)

- Frequent Training: Implements regular, high-quality safety training programs tailored to various roles and job sites.
- Comprehensive Curriculum: Covers both physical safety (e.g., equipment handling) and psychological health (e.g., stress management).
- Engagement: Ensures that training is engaging, accessible, and effectively communicated to workers at all levels.

5. Use of Lessons Learned (Choose 1)

- Incident Analysis: Uses past safety incidents as learning opportunities to improve future practices.
- Knowledge Sharing: Shares insights and lessons learned with employees and industry peers to advance collective safety standards.
- Proactive Measures: Implements preventive actions based on data and feedback from previous experiences.

6. Measurable Outcomes (Choose 1)

- Safety Metrics: Demonstrates improvement in key safety indicators, such as reduced incident rates, near-miss reporting, or lost workdays.
- Wellbeing Metrics: Tracks outcomes related to worker mental health, such as reduced absenteeism or increased utilization of support services.
- Organizational Impact: Provides evidence of positive cultural changes, such as increased worker engagement and trust.

7. Community and Industry Impact (Choose 1)

- Advancing Industry Standards: Contributes to the development of industry-wide health and safety best practices.
- Collaboration: Partners with industry groups, unions, or organizations to advocate for change.
- Community Engagement: Extends safety and well-being efforts beyond the workplace to impact the broader community positively.

8. Demonstration of Commitment (Choose 1)

AEC SHOW ME AWARDS

-
- Resources Allocation: Invests in health and safety programs, tools, and technologies, showing a long-term commitment.
 - Management Buy-In: Ensures leadership actively participates in and supports health and safety initiatives.
 - Worker Involvement: Encourages input and participation from workers in shaping health and safety policies and programs.

Evaluation Process

- **Submission Requirements:**
 - Case studies or examples of implemented initiatives.
 - Data or metrics showcasing measurable improvements.
 - Testimonials from employees or stakeholders.
 - Evidence of innovation and industry contributions.
- **Judging Panel:** Includes health and safety experts, industry leaders, and worker representatives.
- **Scoring Criteria:** Higher weight given to innovation, measurable outcomes, and mental health advocacy.

This framework ensures the award celebrates individuals or organizations leading the way in creating a safer, healthier, and more supportive environment for construction workers.

Evaluation:

Scoring and Evaluation Process

Weighted Criteria: The criteria are assessed based on the weight provided. If you are a designer and cannot speak to the construction, please respond from the designer scope. Appropriate weight will be administered.

- Highest score will win the award. Nominees will likely be finalists.

Award nominations **MUST** be submitted by **MONDAY, JANUARY 13, 2025**. Please submit your nomination form and response to info@slc3.org. For questions regarding this nomination or the event, call the SLC3 office at 636.394.6200.

SPONSORSHIP: If interested in sponsoring this Award, please contact Lydia Meyer at lydia@slc3.org. Sponsorship is \$500 with sponsor recognition included on the invitation, program, and announced at the event.

By submitting this award nomination, you understand that we may list you as a finalist and will want to see you at our Awards Gala. All finalists and winners will be shared in all our communications and shared by partners of the SLC3. Our communications reach local owners, architects, engineers, consultants, program managers, construction managers, suppliers, labor unions etc.
